

Building Background

Most people like when the weather is sunny. Sometimes, though, the weather can cause problems. When it rains or snows, you may have to stay inside. Some weather can even be dangerous. Tornadoes and typhoons are two kinds of dangerous storms.

Draw and label different types of weather that you know below.

1. What is your favorite type of weather? Why do you like it?

2. What type of weather scares you? Explain why you don't like that weather.

Target Vocabulary 1

	Deware	Jusit	equuis	uuntugeu	pounding
1				1 1	

- 1) That person ______ his house when he crashed into it.
- 2) Someone was ______ on our front door in the middle of the night.
- 3) Please ______ of the bears when hiking in the mountains.
- 4) There was a bright _____ in the night sky.
- 5) My teacher always jokes that one plus one ______ three.

See how the target vocabulary was used in the above sentences. Decide if the words were adjectives, nouns, adverbs, or verbs.

ADJECTIVES	NOUNS	ADVERBS	VERBS

Use the words from the chart to write original sentences. Draw pictures to go with your sentences.

beware	flash	damaged	pounding	equals
1)				
2)				
3)				
4)				
5)				

Written Comprehension

Answer the following questions using complete sentences.

2) Why is lightning dangerous?

3) What is the difference between lightning and thunder?

4) How big can hail get?

5) What should you do when there is a tornado?

6) What happens when hurricanes reach land?

7) Why is it hard to see in a blizzard?

8) How do weather reports help people?

Making Inferences

Making inferences means that you guess what will happen next in a story, or any situation, based on information you know.

Look at the information and infer what might happen.

Information	Inference
1. Lightning hits a tree.	
2. Hailstones hit a car window.	
3. You stand in the eye of a hurricane.	
4. A truck drives in a blizzard.	
5. A tornado hits a house.	
6. You see dark clouds in the sky.	

Super Storm Weather Forecast
