# Read and Make Line Graphs

Which day had the greatest high temperature?

Look for the highest point on the graph. The highest point is for Tuesday.

Tuesday had the greatest high temperature.

Use the table below to make a line graph. Use the line graph to answer each question.

Plant Growth	
Week	Height
1	1 inch
2	4 inches
3	6 inches
4	11 inches
5	14 inches

1. How tall was the plant at 3 weeks?

\_\_\_\_\_

2. During which 2 consecutive weeks did the plant grow the most?

\_\_\_\_\_

## Problem Solving

3. Would you expect the plant's height to be 10 inches, 16 inches, or 30 inches at week 6? Explain your reasoning.
