

Name: _____

Student Number: _____

Homeroom: _____

How Big is One Million?

A large container of paper clips holds 1,000 paper clips. An office supply store has 1,000 containers of paper clips in stock. How many paper clips is that? Complete the table to show how many paper clips the store has in stock.

	Number of Paper Clip Containers	Number of Paper Clips per Container	Total Number of Paper Clips in Stock
1.	1	1,000	1,000
2.	10		
3.	50		
4.	100		
5.	1,000		

6. How many paper clips does the store have in stock?
